

# DOCTORAL DAY - 2019

Organized by: Mathematics, Computer Science and Applications Team

## ENSA OF TANGIER. MARCH 30, 2019

The objective of this Doctoral Day organized by 'Mathematics Computer Science and Applications' Research Team is to offer PhD students and researchers the opportunity to present and to discuss their works. This day will be enriched by a conference.

The Doctoral Day event will take place annually and welcomes all our PhD-students, as well as their supervisors, Master students, and invitees.

## This day aims to

- Help young researchers to learn how to communicate their research and to raise potential problems.
- Create a scientific space of exchange between doctoral students and other researchers.
- Strengthen the synergy between different team members and establish constructive scientific debate.
- Contribute to the visibility of the growing research environment of our TEAM and School.

Participants will be able to attend a session of oral communications and will find the opportunity to discuss and to enrich the presented works.
